

MNOŻENIE PISEMNE PRZEZ LICZBY JEDNOCYFROWE BINGO MATEMATYCZNE

Gracze otrzymują różne plansze BINGO z wpisanymi w pola liczbami. Nauczyciel losuje zadanie wykonując dwa rzuty sześcienną kostką do gry (kostka online: <https://www.kostkadogry.pl/>). Zadaniem uczniów jest obliczenie iloczynu wylosowanych liczb sposobem pisemnym. Uzyskany wynik wskazuje, jakie pole należy zamalować na swojej planszy. Gra kończy się w momencie, kiedy gracz zamaluje w rzędzie (poziomym, pionowym lub na ukos) pięć pól z uzyskanymi wynikami - woła wtedy BINGO, informując wszystkich uczestników zabawy o swojej wygranej. Nauczyciel weryfikuje wyniki uzyskane przez ucznia i potwierdza zwycięstwo lub nie. W przypadku błędu gra jest kontynuowana.
